## A Customized Experience

At Waldorf Astoria® Spa, luxurious therapies, soothing environments, and our unique guest-centric approach to well-being unify to create an elevated state of rejuvenation and renewal. Here, individual treatments become a completely customized experience, in which your individual qualities and expectations are the sole objective of the session.

In the heart of bustling Las Vegas, Waldorf Astoria Spa offers a therapeutic escape with sweeping views from high above the strip, free from over-stimulation and activity below. A place where you can experience spa and wellness offerings to balance body, mind and spirit. A place to enjoy an immersive journey through our Herbal Steam Rooms, Laconiums, Experience Showers, Vitality Pools, Ice Fountains, Tepidarium Lounges and Relaxation Spaces. A place to feel peaceful and relaxed, tuned into your best self.

## Set Your Intention

With an emphasis on intuition, your spa journey begins by setting an intention for the treatment that connects to your desired outcome. Your therapist will tailor your session to help you achieve your preferred state of physical and emotional balance:

### Stillness

Like the slow, almost still movements of the moon, these treatments bring about a deep inner peace.

### Relief

As deep roots strengthen the tallest trees, these treatments provide deep relief from body aches and mental tension.

### Vitality

Like the healing, renewing energy of the sun, these stimulating treatments provide detoxification and renewal.

## Signature Collection

### TRANQUILITY DAY PASS

This traditional Turkish experience is provided in our spa Hammam to detoxify the body and smooth the skin. A full-body scrub is performed on a heated marble table with a specialized mitt to remove dull surface cells, preparing the skin for maximum absorption of a nourishing bubbling soap. Interchanges of hot and cool water fully detoxify and revive the body. For maximum benefit, we recommend enjoying our water and heat facilities 30 minutes prior to the treatment and scheduling a massage to follow, as your skin is prepped to fully absorb the pure essential oils used in our treatments.
